ABOUT ME

Student of Computer Engineering, committed to developing skills for my professional future. I habitually seek additional resources to deepen my knowledge in Software Development. Motivated by challenges and the constant pursuit of personal and professional growth. I consider myself ready to face new opportunities and open to learning new things.

SKILLS

- Java
- Node.js
- MySQL
- HTML
- Scrum
- GIT
- REST APIs
- Maven & Gradle

LANGUAGES

- Português - Nativo
- Inglês - Fluente

OBJECTIVES

I am looking for a curricular internship in the field, where I can apply and expand the knowledge acquired during my studies. This will be my first professional experience, and as such, I am excited to take my first steps into the world of work. I am determined to learn, grow, and contribute positively to the company's projects, always seeking opportunities to develop my professional skills and face new challenges.

ACADEMIC BACKGROUND

2022 - 2025
Bachelor's Degree in Computer Engineering
Universidade Portucalense Infante D. Henrique

2018 - 2021
